

ISURU SAMEERA KUMARASIRI

Senior Web Developer

Mount Eden, Auckland, New Zealand | +64 22 080 3630 | drisuruisk@gmail.com

<http://www.isurukumarasiri.online> | [linkedin.com/in/isuru-kumarasiri-825b8477](https://www.linkedin.com/in/isuru-kumarasiri-825b8477) | Work Rights: Work Visa (Post-Study Work Visa)

PROFESSIONAL SUMMARY

Senior Web Developer with 10+ years' experience designing and building responsive, user friendly web applications and websites. Currently based in Auckland, New Zealand, working as a freelance developer and completing a Master of Business Informatics at ICL Graduate Business School, while holding a valid Post-Study Work Visa. Proven track record delivering progressive web apps, e-commerce platforms and custom CMS solutions for clients across Sri Lanka, Australia, Canada and the UK. Strong collaborator with UX/UI designers, back-end and full-stack teams experienced in coaching and mentoring junior developers. Seeking a Web Development role in New Zealand where I can apply my technical skills and creative problem solving to deliver high quality digital products.

KEY SKILLS

Front-End: HTML5, CSS3, Sass, Less, JavaScript, AngularJS/Angular, React, jQuery, AJAX, Webpack, Media Queries, Material Design, Tailwind CSS

Currently Learning: TypeScript, advanced React

Responsive Frameworks: Bootstrap, Foundation

Design & Dev Tools: Figma, Adobe XD, Zeplin, InVision, Canva, Photoshop, Illustrator CC, Sublime Text, VS Code, WebStorm

AI Development Tools: ChatGPT, Claude, GitHub Copilot, Cursor

Other: UI design, PWA development, site optimisation, cross-browser/responsive design, UI/UX collaboration, mentoring & coaching, Agile teamwork

EMPLOYMENT HISTORY

Senior Web Developer (Freelance)

2021 – Present

Self-Employed

- Deliver front-end and full web builds for international clients from client-supplied mockups, focused on usability, performance and client requirements.
- Built the Backpacket progressive web app and admin back end (a virtual wallet app for a Canadian client), including invoicing and service-agreement tools.
- Developed Angular web applications with authentication/registration flows for NRM Connect and Dulili.

- Designed and built admin dashboard UIs for Hpright, StartShredding Inc. and Travelinex, including an itinerary builder tool.

Senior Web Developer

2014 – 2021

Biz Fab (Pvt) Ltd / Hellopeople (Australia)

- Built and maintained websites and web applications for Australian clients across hospitality, healthcare, retail and professional services.
- Partnered closely with UX/UI designers, graphic designers, and back-end/full-stack developers to deliver consistent, reliable web experiences.
- Delivered custom WordPress builds (The Beaufort, The Old Synagogue, Ur Home Court) and WooCommerce/Shopify storefronts (Printed Gift House, Stickerele, Trophy Next Day, Amalia Collection).
- Coached and mentored junior developers within the team.

Web Developer

2012 – 2013

Ben Worldwide (Pvt) Ltd

- Developed custom WordPress websites from scratch for leading Sri Lankan brands, including Dilmah Tea and Aitken Spence.

Trainee Web Designer & Developer

2010 – 2011

Sri Lanka Tourism Development Authority

- Assisted the ICT division with web design and development projects, including SLITHM (slithm.edu.lk).
- Supported the web development and design team in building SLTDA (sltlda.gov.lk) and Sri Lanka Tourism (srilanka.travel).
